DETAILED ACTION

Allowable Subject Matter

1. Claims 2, 6-16, and 18-26 are allowed.
2. The following is an examiner's statement of reasons for allowance: none of the prior art of record teaches or suggests, independently or in combination, renders obvious the specific features as recited in independent claims 2, 7, 18, 19, and 20. The claims specifically recited "**external storage device dynamically changing the sizes of the first and second areas of non-volatile semiconductor memory on the basis of an instruction of a host computer by a part which rewrites information indicating of the plural areas of the non-volatile semiconductor memory**".

Known system recites dynamic partitioning of semiconductor memory system. However, no prior art of record teaches or renders obvious the features of the claims, taken as a whole in light of the specification.

3. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
